**This year's theme:
Eating Disorders are
Everybody's Business**

The 2017 forum is all about turning your service plans into achievements. This year's theme reflects the whole team approach that is key to treating eating disorders. The voice of consumers and carers will be front and centre.

Forum topics include:

Embedding treatment in core mental health community services

The intersection between mainstream and specialist services

Involving carers in your service

Developing models of care
