(general practitioner)

Free webinar for health practitioners to better support people with eating disorders

Features a Question and Answer session with a panel of experts

LEARNING OUTCOMES

1. Recognise how to identify, screen and assess people at risk of developing an eating disorder in a primary care setting
2. Identify challenges in treatment and effective, collaborative strategies to support the needs of people with eating disorders and their families
3. Understand care planning and appropriate referral pathways to coordinate better services for people with eating disorders

Registrations close on Monday, 8th May 2017.

This webinar was developed as part of the NSW Workforce Development Plan for Eating Disorders and made possible through funding provided by the NSW Ministry of Health. It is produced by the Mental Health Professionals Network for the Centre for Eating and Dieting Disorders.
