

Participants needed for Research: Investigating the Experience of Severe and Enduring Anorexia Nervosa.

Eligibility criteria:

- Age of 18 years and older
- Meet the DSM-V criteria for Anorexia Nervosa
- Have experienced Anorexia Nervosa for a period of 7 years or more.

What is involved: Photographing 10 images that relate to your experience with Anorexia Nervosa that will be used to facilitate an interview.

Benefits/Costs: Participants have reported a sense of power and processing of their experience in other studies using this method. It is hoped that the findings from this study will enhance the overall understanding of how this type of anorexia nervosa is experienced from the perspective of the individuals affected by this disorder. There are no costs and your participation will be kept confidential.
